

SELECTION OF BASIC UNITS

Your Watermeter has been programmed at the factory to display instructions in English, and to display the temperature in Fahrenheit, and quantity in lbs.

If different units are preferred, you can make changes using the following procedure:

Enter Press 

The Watermeter will now ask you some questions which you will answer by pressing

- A) Danish, English or German Text ? 0 = Danish 1 = English 2 = German
- B) Celsius or Fahrenheit ? 0 = Celsius 1 = Fahrenheit
- C) Liter or lbs ? 0 = Liters 1 = lbs

AFTER INTERRUPTION OF POWER

If you experience a power failure all the necessary data is kept in the memory. However it may be necessary to re-program your desired language, temperature, and weight displays.

WARRANTY

Your Kisco Watermeter comes with a 1 year limited warranty on all defective parts and workmanship. Warranty Does Not cover excessive wear and tear, damage due to improper installation, or vandalism.

All warranty claims are authorized through Kisco Manufacturing Corporation upon proof of qualification.
